ZLD PRO

The new VALUE Light ZLD PRO series consists of emergency luminaires that are designed with modern style, reliability and ease of installation in mind.

They are high quality emergency luminaires with aluminum profile, long battery life and a large number of low consuming LEDs which can guarantee the uniform illumination of the sign. The VALUE Light ZLD PRO emergency luminaires can also be single or double sided, with easy alternation of the pictograms, depending on the requirements.

The easy installation both on a ceiling and a wall combined with the 20 & 30m viewing distance, makes the new emergency luminaires the ideal choice for any architectural project.

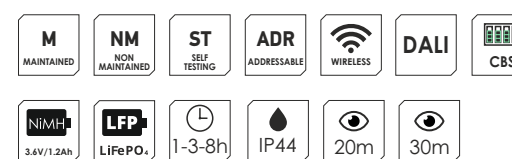

The luminaires can be manufactured as CBS, with LifePo4 Battery, or Wireless, Adressable, DALI communication.
